INTERNSHIPS

Full Stack Development
Tyutee.com, Bangalore
Jan 2020 - Jun 2020
I worked in a Edutech startup named 'tyutee' where I developed their website 'tyutee.com'. and I also developed company's product 'login.tyutee.com' by using Django framework, Python3, PostgreSQL, Ajax, jQuery, HTML5, CSS3, Botstrap4.

POSITIONS OF RESPONSIBILITY

Participated many times to give Presentations in class.

Awarded as "MR. FRESHER" in BCA at ICST,SHEPA college on 13/10/2014

Having Achievements in co-curricular activities

I have done Smart text messaging project using java server page .
I was project head in my group.

TRAININGS

Programming For Everybody(Python)
Courserea (Michigan University), Online
Sep 2019 - Nov 2019
It was very use full to understand the basics of python.
you can check more details by this link
https://www.coursera.org/account/accomplishments/verify/D36RAAV3FXZU?

utm_medium=certificate&utm_source=link&utm_campaign=copy button_certificate

Django

MySirG.Com, Online

Aug 2019 - Present

Python

MySirG.Com, Online

May 2018 - May 2019

I studied core python and Django framework from Mysirg.com.

PROJECTS

SMART TEXT MESSAGING

Mar 2016 - Mar 2017

The main objective of this project is to make conversation easy among people where they can send and receive any format of data.But it has unique feature from others messaging app , its automatically gets locked when it is not in use.

Online learning system

Oct 2019 - Present

The main objective of this project is to provide the educations for those students who are deprived of quality education.If anyone wants to be member of this application then he/she has to be register.it's real time project which i will host soon.

SKILLS

CSS Intermediate	**HTML** Intermediate
